- Ted attended an open webinar sponsored by the DECD about LD 2003 on July 27. He provided an update to the team.
- Update from Anthony on July 31: As a result of the information obtained during the webinar, Anthony has pursued via an application to obtain \$10k in state funds to assist with LD2003 implementation and efforts such as ordinance rewrites.
- Pat provided a brief chapter status to the committee and updated the team that Anthony would be distributing chapters via the town website. Update: The first chapter, Community Profile, was posted on the town website
