NORCROSS PT & PUBLIC BEACH REDEVELOPMENT PLAN

The Town of Winthrop is creating a Redevelopment Plan for improvements to the public facilities at Norcross Point and the public beach, on Maranacook Lake. Much of the infrastructure at these facilities has been in place since the 1970's and needs upgrade, repair, replacement or removal.

A key part of the Redevelopment Plan's success will be to establish an understanding of the historical, current and anticipated future needs of the facilities. Public input is being sought from the perspectives of the variety of community users and interests to help shape the vision of these downtown waterfront assets going forward.

We appreciate your interest and consideration of the following requests for information:
(Please respond by Tuesday April 13th)

- What is your primary interest in the Norcross Point and Public Beach facilities?
(circle primary interest)
 - Visitor
 - Abutter
 - Activities / Events Organizer (Please state name of organization and/or types of events, i.e. outdoor concerts _____)
 - Other? _____

- What season do you use the facilities?
(circle all that apply)
 - Spring
 - Summer
 - Fall
 - Winter

- What are the most important assets to you that the facilities provide?
(i.e. boat ramp, swimming, etc.)

- What new assets would you like to see added at the facilities?

- Please provide any additional input about your interests or knowledge of the facilities that you would like to share:

- Would you be willing to discuss your interests during a follow-up phone call with either the consultant team or Town project representatives? *(Please circle preference)*
 - Yes *(Please provide best phone number for us to contact: _____)*
 - No

After completing this survey, please either email an electronic copy to:

manager@winthropmaine.org

or print and mail/deliver a copy to:
